

HELLO FRIEND,

# *I'm Navodita*

My name is pronounced exactly how it's spelled, Na - vo - di- ta. It means "new beginning."

Serendipitously, I found myself gravitating toward wedding photography as I honed in on my love for capturing intimate moments.

Your wedding day is one of the most important days of your lives and it's a true celebration of a new beginning that's filled with so much love and emotion. My approach to taking photos is more of a photojournalistic style. I hope to capture your day as it unfolds, artfully focusing on details that make your wedding unique and honest to you.

I became a photographer because photographs are the most invaluable things I own. They are more than just images, they are memories that take me back in time and help me re-live moments that went fleeting by. They are what spark joyful conversations with my parents and grandparents as we look at photographs that I know will be passed down to me and my siblings as family heirlooms. I hope to pass my albums full of memories along to my children and grandchildren.

To me, being able to help re-tell your love story would be an absolute honor.

## *01. ADDITIONAL COVERAGE*

Additional hours are available for \$300/hour.

# FAQs

01. DO YOU TRAVEL FOR WEDDINGS?

Yes! I'm always up to travel domestically or internationally for your beautiful day.

02. DO YOU ALSO DO VIDEO?

I don't offer video but I would be happy to provide you with wonderful recommendations if needed!

03. DO YOU RECOMMEND A SECOND SHOOTER FOR OUR WEDDING

If you're eloping then you only need one photographer. If you have a wedding with 30 guests or more, I highly recommend a second shooter. A second shooter adds extra perspective and additional photos for moments like the ceremony. If you have a tight schedule, I also recommend having a second shooter since I cannot be in two places at once. Multiple shooters provide an extra creative perspective and help ensure that no moment is missed. I highly recommend it.

04. WHEN WILL I RECEIVE MY WEDDING PHOTOS?

My turnaround time for wedding photos is 6-12 weeks.

05. HOW DO YOUR TRAVEL FEES WORK?

Because every location is unique, I don't have set prices included in my packages. Therefore, I add on roundtrip flights out of Baltimore, MD, rental car or transportation fees, and accommodation. I offer two options: I can either look up averages and add these to the contract when we first book (so if the prices go up, I cover the difference). Or if we want to wait and see if flights drop, we can totally do that as well. You can pick which option works best for you! I do book all of my own flights.

If we're shooting within thirty minutes of where I live in Maryland, there are no travel fees. If you want to avoid paying for flights, you can also meet me somewhere I'm already going. Transportation and accommodation would still be added onto the contract if applicable. I have my updated travel schedule on my website.

05. WILL YOU SEND US THE RAW FILES?

I do not give out any of the RAW files because so much of the magic happens during the editing and processing stage of my work. All your images will be edited and delivered to you via an online gallery with high-resolution files which will be downloadable.

# Testimonials

We can't thank Navodita enough for the beautiful photos. She somehow perfectly captured our personalities in each photo, and we will love them for a lifetime. Navodita is extremely friendly, and fun to work with - as a wedding planner myself, she are exactly what brides & grooms need to feel comfortable and themselves behind the lens.

*Grant + Gage*

Navodita has a natural eye for beauty and isn't afraid to propose ideas based on her professional opinion. When we received our pictures (very promptly), there were just too many photos that we loved! Not only were we pleased with the photos of us as a couple, but there were so many beautiful photos of our friends and family. I couldn't believe how much she was able to catch! It's true that your wedding day flies by and we're grateful to Navodita for capturing our memories so beautifully.

*Megan + David*

Navodita shot our elopement in the fall and truly captured all of the feels. From ceremony and family shots to our fun adventurous and intimate shots, she didn't miss a thing. Not only are her photos amazing but so is she. We had so much fun and would 100% recommend her to anyone! I am excited for our next big moment so we can have her capture those memories for us as well!

*Mandi + Garret*

## *NEXT STEPS*

If I am available for your wedding day and we decide that we are a good fit for each other, send me an email confirming that you would like to move forward. Within the next 2-3 business days I will send you a contract. I require a \$1000 retainer to secure your date. Once the contract is signed and the retainer has been submitted, then it's official! I am your wedding photographer!

We'll then chat over coffee and get to know one another and start planning. I can't promise I won't gush with excitement while listening to your love story. I look forward to capturing your day, together.

If you have additional questions, feel free to shoot me an email.

## *Final love note,*

I am a wedding photographer because I love capturing love, emotions, and everything in-between those moments. While it is a people in love business, I never want to turn away an opportunity to serve you. So as a first step, let's have a conversation about your budget and see if there is a possibility that we can work together and create some magic.

*XO,  
Navodita*
